The Vision of Gallions Primary School

The vision of Gallions Primary School is to be a high achieving school where children learn effectively. Through an innovative, enquiry-based curriculum and our creative approach to learning, we will enable children to achieve their high ambitions and aspirations.

We believe that the creative arts are essential to develop us as thinking, caring, creative individuals and we organise our curriculum to reflect this.

In order to realise this vision, we aim to teach our curriculum wherever possible through music, dance, drama and art in order for children to make connections in their learning, develop their confidence and improve attitudes to learning.

Through this approach, all children at Gallions Primary School will achieve their full potential in academic subjects and in all that they do.

Effective, Innovative Partnerships

- Strategy Coaching
- English Pocket Opera Company
- The Renewal Programme
- Artists P4C Training
- Men into Primary Schools
- Open Futures
- Discover
